

--2--

28. The recirculating filter system, of claim 24 wherein the sheet includes perforations so that effluent can flow from a filter to the integral troughs.

29. The recirculating filter system of claim 24, wherein the tank further includes a flange and ribs.

30. The recirculating filter system of claim 24, further comprising a mattress-like filter placed in an interior of the tank.

REMARKS

Claims 10-23 and 21-30 are pending in the application. Claims 25-30 are amended to proper dependent format. No new matter is added. Charge any fees, if necessary, to Attorneys' Deposit Account 23-1951.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Andrew M. Calderon', with a long horizontal flourish extending to the right.

MARKED UP COPY OF AMENDED CLAIMS

25. (Amended) The recirculating filter system of claim 24, wherein the tank is made from one of precast concrete and a synthetic material.

26. (Amended) The recirculating filter system of claim 24, wherein the tank includes an inlet pipe which extends from an interior to an exterior of the tank.

27. (Amended) The recirculating filter system of claim 24, further comprising a sheet placed on one of the bottom and the sides of the tank.

28. (Amended) The recirculating filter system, of claim 24 wherein the sheet includes perforations so that effluent can flow from a filter to the integral troughs.

29. (Amended) The recirculating filter system of claim 24, wherein the tank further includes a flange and ribs.

30. (Amended) The recirculating filter system of claim 24, further comprising a mattress-like filter placed in an interior of the tank.
